

Paper Application Tape

SUPER HIGH TACK

PRODUCT DESCRIPTION Super High Tack application tape is a heavyweight saturated paper coated with an ultra-high tack latex adhesive, designed specifically for the transfer and application of very small cut lettering and printed graphics but also for hard-to-lift films.

FEATURES Super High Tack application tape performs for both wet or dry applications, without leaving any adhesive residue. The application tape removes effortlessly once the cutting vinyl or printed graphic is applied on the final surface. Ideal when transferring very small lettering and detailed graphics, thermal die-cut graphics and highly textured surfaces like graphics with UV inks.

TECHNICAL DATA

Adhesive	Latex-based
Colour	White (Translucent)
Thickness paper	127-140 microns
Thickness paper + adhesive	152 microns
Adhesion to steel*	>22 N/100mm
Tensile Strength	332 N/100mm
Elongation	12%
Tear resistance	70-80 grams
Shelf life*	1 year

* Adhesion PSTC-1, 1 minute on stainless steel at time of manufacture

** Stored at 22°C / 50-55% RH
