

Polymer Deletion Pen

Deletion pen for polymer plates.

Product Information Description

Working instructions

Correction before printing

- Remove the image with the correction pen. Dissolve the top layer and the photo layer of the plate by applying the deletion pen with a 10 second interval.
- Immediately after correction, remove with a wet cotton pad or wet sponge the correction liquid left on the plate. Be careful that you don't wipe the correction liquid residue in the image area.
- Clean the deleted area with Antura CtP Plate Cleaner.
- Remove the Antura CtP Plate Cleaner with a wet cotton cloth.
- Wipe the plate dry and re-gum the plate with the gum in use.
- After correction, always put the cap on the pen.

Correction on press

- Remove the ink from the plate with dedicated plate cleaner.
- Make sure all ink is removed. Make the correction area completely dry.
- Remove the image with the correction pen. Dissolve the photo layer of the plate by applying the pen with a 10 second interval.
- Immediately after correction, remove with any remaining correction liquid with a wet cotton pad or a wet sponge. Make sure you don't wipe the correction liquid residue in the image area.
- Clean the deleted area with Antura CtP Plate Cleaner.
- After cleaning with a wet cotton pad, you don't have to re-gum the plate.
- Always put the cap on the pen after correction.

Advised for

Plates

- Adamas
- Adamas (Phase-out Q2)
- Aspire
- Avatar T CF
- Avatar V-ZH

Plates

- Azalea ZP
- Azura Vi
- N94-V
- N95-VCF

Storage

- Store at room temperature in a dry, well-ventilated area.
- Keep away from heat and direct sunlight
- .
- Keep the containers closed.
- Shelf life: 24 months from date of manufacture

Ordering information

- Art.code 1x3 pc: P9EK3/OAP1S

Waste

- Collect if possible.
- Send to authorized disposal centres.
- Follow local and national regulations.

Safety

- Read the Material Safety Datasheet ([MSDS](#)) before using this product.
- Our products are compliant with the legally prescribed controlling directives eg REACH, ISO 9001. We work in partnership with leading printing press manufacturers including Manroland, Heidelberg & KBA. Where applicable Agfa offers fountain additives & washes which are food grade compliant (FOGRA listed). Click [here](#) for more information on our SHE policy.
