

## **PRISCO**<sup>®</sup> Questar CTP 185 EU **Fountain Solution Concentrate**

Product Description: Questar 185 EU Fountain Solution Concentrate is a CTP-plate safe IPA-free one-step fountain solution concentrate designed for use on sheetfed presses. It combines the latest innovations in fountain technology in an easy to use concentrate. Its strong buffer system allows this formula to be used with water with a wide range of alkalinity levels. Questar 185 EU complies with the requirements of most press manufacturers and is certified by FOGRA.

## Advantages:

- · Plate Safe with most CTP-thermal positive plates
- · Prevents plate blinding and picture framing
- · Buffered for use in most water conditions
- · Effectively eliminates fungus growth
- · Eliminates the need for alcohol even on so called "difficult presses"
- · Reduces Ink feedback on Vario Dampeners.
- Improves ink drying
- · Establishes a perfect water/ink balance

Directions: Add 3,0 % - 5,0 % Questar 185 EU to water to obtain a pH range between 4,6 – 5,2. Once optimum level has been determined, measure conductivity for use as a reference when preparing fresh batches of press-ready fountain solution.

Product Code: HE44

## READ MSDS BEFORE USING THIS PRODUCT

Packaging: 25 liter cans 1000 liter IBC containers 200 liter drums

**NOTE:** Plastic pumps are required for 200 Liter drums.
