

SOFT WALK

SoftWalk can be applied as a carpet and is reusable. It can be used indoors as well as outdoors. The material is made of a vinyl soft foam. Antibacterial coating prevents the growth of unwanted bacteria and ensures hygiene for applications on humid floor. The SoftWalk adapts simply to many surfaces and can be installed smoothly. SoftWalk is suitable as a reusable advertising product for fairs or events and can be used for daily changing applications. When you apply it outdoor you may use double sided tapes when windy conditions to keep it on the ground. The product can be printed on both sides and floats on the water.

Durability

The durability for up to 12 months depends on the proper use as well as on the mechanical influences. The lifetime can be extended by covering the surface with liquid varnish.

Printing method

The material can be printed coloured with UV curable inks. The material comes with liner.

Storage

Shelf life is 12 months from the date of delivery. Storage conditions +15°C to +24°C and relative humidity between 40% and 65%.

Waste handling

Used material and production waste can be handled as "plastic" waste.

Warranty

Continental Grafix products are warranted to be free of defects in material and manufacture at the time of shipment and to meet the specifications stated in the technical specification sheets. We will replace or refund the price of any Continental Grafix materials found to not meet our product specifications. In no case shall Continental Grafix be liable for any direct, indirect, or consequential damages, including labor or non-Continental Grafix materials charges. The determination of suitability of this product for any specific use is solely the responsibility of the user. No representations, guarantees or warranties of any kind are made to the accuracy of suitability for specification.
