

# 30.000N | Total Eraze Ultra Clear

## TOTAL DECO | Whiteboard Films

### ABOUT

Total Eraze Ultra Clear is a high gloss, optically clear polyester whiteboard film. Thanks to its ultra-transparency, this erasable film will give depth to the colours of the application surface and will even perform excellent when applied onto glass surfaces. This PVC-free film can also be used to create custom instant dry erase whiteboards by laminating this product on printed vinyls, panels, cardboards, ... Total Eraze Ultra Clear will not leave any ghosting and ensures clean and effortless dry erasing of practically all whiteboard marker inks. In order to create custom whiteboards, we strongly recommend combining Total Eraze Ultra Clear with our **Total Mark print films**. We encourage to use our **97.011 | Eraze Marker Black** or, when using different markers, to consult the 'Total Eraze marker compatibility list' on our website.
