

ROLLERCLEANING PASTE

Galaxy Roller-cleaning Paste is a strong efficient cleaning paste for removing dried ink from rollers or blankets. This product enables quick colour changes, also from dark to light.

Application: Apply the paste on the rubber rollers and let the machine run for 5 minutes. After this sequence clean the rollers with our Galaxy Wash following the procedures on the TDS.

Procedure to use: Apply with a cloth or spatula undiluted on the rubber rollers in question.

Product parameters:

Appearance	Brownish viscous liquid
Specific gravity	0.80 g/cm ³
Flash point	120°C
Class	NA

Storage conditions: Store at room temperature conditions. Keep away from open fire and heat sources.

Shelf life: In unopened, original packaging, 12 months from manufacturing date

Packaging: 840gr Pot

Version: 01-2012

The information provided in this technical data sheet is to inform our customers. A successful application depends on a variety of different factors. Therefore the advice given in this technical data sheet cannot be used as basis for claims. Our recommendation is where possible to perform tests before entering production runs. We reserve the rights to change product characteristics because of technical progress, amendment of applicable law and mandatory production related needs.
