

STRIPFLOCK PRO

1. Chemical Product and Company Indication

- 1.1 Information on product
- 1.1.1 Trade name Stripflock Pro
 - 1.1.2 Product indication Thermo transfer film for textile
 - 1.1.3 Product advised use Siser s.r.l.
- 1.2 Company Name Viale della Tecnica, 18
36100 Vicenza (VI) Italia
- 1.3 Address Tel. 0039 0444 287960
Fax 0039 0444 287959
- 1.4 Telephone Number e-mail info@siser.it, alessandro.canacci@siser.it
- 1.5 Fax Number MSDS approval manager : Dr. Alessandro Canacci
- 1.6 E-mail

2 Hazard Identification

- 2.1 Hazard classification The material is not subject to this classification according to EC lists and other literature sources. Products are combustible and should not be exposed to direct flame.
- 2.2 Human and environment hazards The product is supplied in roll.. There is no exposure to chemical components at room temperature.
- 2.3 Possible health hazards Not subject as supplied.

3 Composition / Information on chemicals

- 3.1 Composition
- 3.1.1 Carrier Adhesive polyester.
 - 3.1.2 Film Viscose textile fibers colored with organic and inorganic pigments with no aromatic amines. Fibers are coated with a PVC body containing non-phthalate plasticizers and laminated to a thermo-adhesive layer in transparent or white copolyester.
 - 3.1.3 Chemical substances All chemical substances are not present in the SHVC list of REACH

4 First Aid Procedure

Not Applicable

5 Fire Fighting Procedures

5.1 Suitable extinguishing substances

Dry chemicals, foam or water mist.

5.2 Dangerous combustion substances

In case of fire the product may develop products of combustion or harmful gases: carbon dioxide (CO₂); carbon monoxide (CO); nitrogen oxides (NO_x), Hydrochloridric Acid and derivatives (HCl, HClO_x)

5.3 Firefighters special instructions

Wear breathing apparatus with positive pressure full face mask, helmet with face shield and gloves. In case of contact with the melted film cool the affected area immediatly with water or ice. You should consult a physician for the removal of the material and for the treatment of the burn. Should people have inhaled smoke from combustion remove them quickly and seek medical advice.

6 Accidental Release

Not Applicable

7 Storage and Handling

Storage conditions

Keep in the original container in a cool and well ventilated place.

8 Exposure Control / Individual Protection

At room temperature, no specific protection is needed.

9 Physical and Chemical Properties

Properties

Aspect: film roll in flocked material

Colours: various

Odour: none

Melting point

>200°C

Flash point

>200°C

Auto-ignition temperature

>300°C

Calorific power

5000 kcal/Kg

Water solubility a 20°C

Insoluble

10 Accidental spill procedure

10.1 Thermal decomposition conditions to be avoided

The product does not decompose if stored and handled according to specifications.

11 Toxicological information

Material Safety Data Sheet

Issue date 11/04/2018
Updated 15/07/2019
Version 20190715

According to the latest knowledge there are no toxicological hazardous effects

12 Ecological information

Insoluble in water, not a water pollutant.

13 Waste treatment

Dispose according to appropriate local regulations (waste CER 07.02.13.)

14 Transport information

The product is not classified as dangerous substance or goods, according to GGVS / ADR /RID.

15 Regulatory information

The product is not subject to classification according to EU lists and other sources of literature.

16 Other information

The product can be electrostatically charged: the handling equipment should be grounded.
Incorrect operating conditions may cause degradation of the product.
Document compliant to REACH.

The information contained herein relates only to the specific product.
This information is the best we can supply as for accuracy, reliability and completeness.
It is the user own responsibility to check suitability and completeness of such information in relation to the intended use.
