

# 51.101N | StrongTouch

TOTAL MARK | High Tack Removable

NEW!

## ABOUT

StrongTouch is a matt white polymeric vinyl, printable with a broad range of digital printing methods: UV, (eco)solvent and latex inks. This product carries a high tack removable adhesive which allows removing the film for up to 6 months whilst maintaining the ability to stick for longer periods of time. This exceptional feature makes the product very versatile in use as it will stick to almost every flat surface such as painted walls, floors, tight pattern carpets, doors, counter-tops,... If used as a floorgraphic, we recommend laminating with our R9 certified **21.000N | SlipStop 100** lamination film.
