

DEGREASER

Galaxy Degreaser is a powerful solvent based dampening roller cleaner.

Application: Degreaser is fully solvent based. Specifically developed as powerful and fast cleaner for greasy deposits and ink rests from ceramic/chrome and rubber dampening rollers.
Degreaser is a fast evaporating product and does not leave any traces behind. Degreaser is safe for all types of printing plates.

Procedure to use: Moisture a clean cloth with Degreaser. Clean both rubber and hard rollers by wiping with long strokes. Repeat by heavy contamination.

Product parameters:	Appearance	Transparent liquid
	Specific gravity	0.80 g/cm ³
	Flash point	< 0°C
	Class	AI

Storage conditions: Store at room temperature conditions in a ventilated area. Keep away from open fire or heat sources.

Shelf life: In unopened, original packaging, 12 months from manufacturing date

Packaging: 1ltr bottle. (4 x 1ltr in a box)

Version: 01-2012

The information provided in this technical data sheet is to inform our customers. A successful application depends on a variety of different factors. Therefore the advice given in this technical data sheet cannot be used as basis for claims. Our recommendation is where possible to perform tests before entering production runs. We reserve the rights to change product characteristics because of technical progress, amendment of applicable law and mandatory production related needs.
