#### Stability and reactivity 10.

#### 10.1 Thermal decomposition:

No decomposition in case of storage and use in accordance with intended application.

#### 10.2 Dangerous reactions:

No hazardous reactions known

#### 10.3 Further information:

#### 11. Toxicological information

### 11.1 Toxicological tests:

No data known

#### 11.2 Experience made in praxis:

Even if prescribed working temperature is adhered to, hot melts release fumes which, in accordance with art. 14 and 16 of the Order for Work Places may be felt as molesting and should be exhausted. If, however, prescribed working temperatures are considerably exceeded over a prolonged period of time, the risk that harmful decomposition products may develop, cannot totally be excluded by us.

#### 11.3 Additional information:

According to our present knowledge, no harms are to be expected in case of appropriate use.

### Safety Data Sheet

according to 1907/2006/EC

Date of revision: 26/03/2015 Page No.: 5/6

Product: PLANATOL VP 1253 HM

### 12. Ecological information

#### 12.1 Notes on elimination:

The product may be collected mechanically.

#### 12.2 Ecotoxicity:

No data available

#### 12.3 Mobility:

No data available

- **12.4 Persistence and degradability:** No data available
- **12.5 Bioaccumulative potential:** No data available
- **12.6 Results of PBT assessment:** No data available
- **12.7 Other adverse effects:** No data available

#### 12.8 Further ecological information:

Class of water hazard (Nat. Regulations): No water hazard, product is insoluble in water.

#### 13. Disposal considerations

#### 13.1 Product:

Incinerator or landfill according to local rules.

#### Waste key code:

According to the European waste listing (Europäischer Abfallkatalog EAK), no waste key code can be determined as such a code depends on the individual application of the product by its user. The national and local legal guidelines are to be observed.

#### 13.2 Contaminated packaging

Contaminated packaging should be emptied as far as possible and may be taken for reuse after appropriate cleaning.

#### 14. Transport information

#### 14.1 Regulations:

| Land transport:            | ADR / RID / GGvS / GGvE | no dangerous goods |
|----------------------------|-------------------------|--------------------|
| Inland waterway transport: | ADN / ADNR              | no dangerous goods |
| Marine transport:          | IMDG / GGvSee-Code      | no dangerous goods |
| Air transport:             | ICAO / IATA-DGR         | no dangerous goods |
| Further information:       | Postal dispatch         | admissible         |
|                            |                         |                    |

### Safety Data Sheet

Date of revision: 26/03/2015 Page No.: 6/6

Product: PLANATOL VP 1253 HM

#### 15. **Regulatory information**

#### 15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

Does not require a hazard warning label.

Class of water hazard (Nat. Regulations): No water hazard, product is insoluble in water.

#### 15.2 Chemical safety assessment

A chemical safety assessment has not been carried out.

#### 16. Further notes

These indications are based on the state of our present knowledge and describe exclusively the security requirements of the product; they do not represent any assurance of qualities in the sense of legal warranty regulations.

Existing laws and regulations should be observed by consignee of product under his own responsibility.
