

Poropast

(Roller Cleaning Paste)
(N°.: 01902399)

- **USE:** Poropast is for use on the printing rollers of all conventional offset printing presses . This quality roller paste cleans rubber rollers and removes grime and deep seated dirt form the rollers. Poropast is ideal for using with colour changes on press when going from a dark to a light colour ink. Regular use of this paste prolongs roller life and enhances performance.
- **PROPERTIES** Excellent roller care product. Harmless to use and easy to apply. Poropast is odour free and safe for the printer to use. Provides gentle thorough deep down cleaning of all rubber rollers. No long term damage to rollers, effective yet non aggressive product for roller care and protection.
VOC content (EU): 0%
Flashpoint: >100°C
- **INSTRUCTION FOR USE** Apply Poropast to the rollers with an ink knife and allow to run in to the rollers at idle speed for between 5 –10 minutes. When this process is completed, wash the Poropast off from the rollers in the normal manner using roller wash. Repeat the procedure if required for extra cleaning treatment before applying fresh ink.
- **SECURITY** The product is classified and marked according to EC-Directive 1272/2008 - in its latest version.
Only for industrial purposes!
- **PACKAGING** 950 g – tin
- **FURTHER INFORMATION** Further information can be obtain by reading the safety data sheet and the product label.
