

WASH WM 126GE

Galaxy Wash WM126GE is a very powerful wash with enhanced wash power for conventional inks for cleaning printing blankets and ink train.

Application: Suitable for both automatic wash installation and hand wash
After hand wash rinse with water until all ink and wash residues are removed
Adjust automatic wash installation to optimum wash cycle
For use with conventional inks
Can be used purely or mixed with water

Approval: Wash WM126GE does not have an official accreditation from machine manufacturers.

Procedure to use: For manual use the product can be used pure or mixed with water, applied on a clean cloth. Wash WM126GE forms with water a very stable emulsion. When all the ink is removed use a clean cloth with pure water only. For automatic wash equipment follow the instructions from the machine manufacturer.
